

## Environmental Policy

At **YAT Engineering & Construction** we recognise our responsibility to meet community expectations and we are committed to the continuous improvement of our environmental performance. **YAT Engineering & Construction** recognises the importance of sustainability and reducing its environmental footprint.

We believe that being environmentally responsible is both the obligation of management and every individual.

### To achieve this, we will:

- Comply with relevant Environment legislation and systems across the business.
- Proactively identify environmental hazards, assess their risk and eliminate or, if not possible, manage the risks to as low as reasonably practicable.
- Establish annual environmental objectives and targets and review annually
- Positively influence the environmental performance of any future partners.
- Manage our diverse activities to prevent or minimise pollution and impacts on visual amenity, air, water, land, flora, fauna and cultural and heritage values
- Strive to improve resource consumption efficiency and minimise waste generation in our Services
- Investigate and implement mutually beneficial programs of environmental management with interested parties
- Ensure understanding of environmental requirements and implementation of standards among our employees, suppliers and contractors
- Monitor and report our environmental progress
